

OBJECTIVE

Computer Science and Engineering undergraduate with strong knowledge in Java, Spring Boot, Spring Security, and full-stack web development. Passionate about backend development, REST API design, and building scalable applications through practical project experience.

EDUCATION

Saveetha Engineering College

B.E. Computer Science and Engineering — CGPA: 8.4

Sep 2023 – May 2027

Chennai, India

TECHNICAL SKILLS

Languages: Java, Python (basics), C, JavaScript, SQL

Frontend: HTML, CSS, ReactJS (Intermediate)

Backend: Spring Boot, Spring Security, REST APIs

Database: MySQL

Tools: Git, GitHub, Maven, Postman, IntelliJ IDEA, VS Code

Cloud: AWS (Basics)

PROJECTS

AI Integrated Online Coding Platform

2025

- Developed a full-stack online coding platform using ReactJS.
- Integrated Judge0 API for real-time code compilation and execution.
- Implemented AI-powered error explanation and hint generation using Gemini API.
- Built backend REST APIs and integrated Monaco Editor for IDE-like coding support.
- Designed a responsive and user-friendly interface for seamless usage across devices.

INTERNSHIP

Codveda Technologies

Jun 2026 – Jul 2026

Java Development Intern

- Worked on Java and Spring Boot technologies for backend application development.
- Developed RESTful APIs using Spring Boot and implemented CRUD operations for data management.
- Applied Object-Oriented Programming (OOP) principles and Java Collections Framework in application development.
- Performed testing and debugging to improve application functionality and reliability.
- Gained practical experience with Maven, Git, and database integration in Spring Boot applications.

CORE COMPETENCIES

- **Backend Development:** Knowledge of Spring Boot, REST APIs, and Spring Security fundamentals.
- **Problem Solving:** Ability to analyze problems and implement efficient software solutions.
- **Communication:** Good verbal and written communication skills with clear technical understanding.
- **Adaptability:** Quick learner capable of understanding and applying new technologies effectively.
- **Team Collaboration:** Works effectively in team environments with a proactive and responsible approach.
